Malaria, enriches the blood, and builds up the sys-
tem. A true tonic. For adults and children. 50c.

PLANTATION OWNER

SPENDS OVER \$5,000

Mrs. Scruggs Suffered For 20 Years
and Nothing She Tried Did Her
Any Good—Tanlac Brings Relief.

"It may sound unreasonable and
you may believe me or not, but dur-
ing the past twenty years I have
paid out in the neighborhood of
five thousand dollars for medicine
and treatment for my wife, who has
been in poor health all these years,"
was the remarkable statement made
a few days ago in Jacob's Phar-
macy, Memphis, Tenn., to the
Tanlac representative by Mr. Geo.
W. Scruggs, a prosperous farmer.
Mr. Scruggs is well known in Mem-
phis, where he resided for fourteen
years. For the past three years he
has been living on his 350 acre cot-
ton plantation at Germantown,
Tenn.

"Yes, sir, my wife had been a
sufferer from serious indigestion for
at least twenty years," continued
Mr. Scruggs in his interesting state-
ment. "She had been in a wretched,
run-down condition and was always
complaining of feeling badly. She
couldn't eat much, but the little she
did eat would always cause pains in
her stomach. She had headaches so
bad at times she could hardly stand
it. It just looked like every bit of
her strength was getting away from
her. She was dreadfully nervous,
and didn't know what it was to get
a good night's rest, and she would
get up in the mornings feeling worse
than she did the night before when
she went to bed. She lost about all
of the energy she had and couldn't
take interest in anything. She tried
doctors and about every kind of med-
icine that is made, I reckon, but in-
stead of improving she seemed to be
getting worse all of the time.

"But I thank goodness that we
have found the right medicine at
last! She began taking Tanlac a
short time ago, and she is like a
different woman now. After taking
just one bottle of this medicine she
began to get strength and improve
in every way. Her sleep began to
get restful, her appetite picked up,
and what she ate gave her strength
instead of having a bad after effect
as in the past. For the first time in
fifteen years she can now eat any-
thing she wants—such things as
cabbage, onions, corn, tomatoes and
the like don't hurt her a particle.
Her nerves are quiet and her whole
system is improved. She looks and
says she feels like a new woman.
She is full of life and energy and I
never hear her complain any more
of feeling bad or weak in the least.
She thinks Tanlac is the grandest
thing in the world, but she don't
think any more of it than I do, for
no one is more happy over her mar-
velous recovery than I am."

Tanlac is sold exclusively in Co-
lumbus at S. B. Street and Son's
drug store.

ODDS AND ENDS.

Water power electricity is grad-
ually replacing and saving coal.

Except along the Caspian coast
Persian agriculture is dependent
almost entirely on irrigation.

That whooping cough is caused
by a bacillus has been discovered by
two European physicians.

China's new department of agri-
culture and forestry is being con-
ducted by graduates of American
colleges.

Silk fabrics heavily impregnated
with the salts of lead or tin are be-
ing made in France for X-ray gar-
ments for physicians.

As a deer hunting state Vermont
now rivals Maine, with 6,000 deer
killed in 1915, compared with from
8,000 to 10,000 in the Maine wilder-
ness.

The sturdiness of Andalusian
horses is attributed to the fact that
they feed on a species of wild
clover which grows only in the Span-
ish province of Cadiz.

Cattle Market Report.

National Stock Yards, Ill., June
24.—Today's receipts: Cattle 2700;
hogs 8000.
